Dear Parents and Caregivers,

As part of our Recovery Plan, we are collecting data on how students are feeling about school. We plan on using the Positive Behavioral Intervention and Supports School Climate survey endorsed by the Agency of Education.

The School Climate Survey is an anonymous survey used to identify how students feel about school. The survey for middle and high school students includes 9 questions and should take no more than 10 minutes to complete. The survey is anonymous, but parents/caregivers can choose to have their student opt out of taking the survey if desired. The data collected from the survey will be used to identify student perceptions of school climate within our school and to address them. School staff use the results to inform our efforts at improving our school climate.

Responses are housed securely in an anonymous format with the University of Oregon Technical Assistance Center projects for evaluation research purposes. All evaluation research projects are in compliance with the Family Education Rights and Privacy Act, (343 CFR 99.31 (6)) and human subjects regulations (Protection of Human Subjects 45 CFR 46). Our desire is to involve parents in their children’s education.

If you do not wish for your child to participate in this important activity, please sign and return this form to the school by Wednesday, January 19, 2022. If you would like to examine the survey, please come by the school between January 12 and 19, 2022 during school hours, and we will be happy to provide you with a copy for your review.

If you do not want your child to participate in this survey, please sign this form and return it to school by Wednesday, January 19, 2022. Middle School students can return this to the HUB. High School students can return it to the front desk.

I would prefer that my child NOT participate in the School Climate Survey:
